Method of Service Delivery

***Service Delivery Methods Defined:**

Co-Location - Program staff from the partner are physically present at the AJC

Cross Information Sharing/Training Referral - partner program agrees to train AJC staff to provide information to customers about the programs, services and activities available through partner programs

Direct Linkage - partner program agrees to design a direct methodology for AJC customers to access their programs/services through real-time technology – access through two-way communication and interaction between clients and the partner that results in services being provided
